Triple P (Positive Parenting Program) - Level 2: Brief Primary Care

Triple P Level 2 – Brief Primary Care is for parents and caregivers with children birth to 5 years old who have one or two concerns with their child's behavior or development. This is not a stand-alone activity; additional Triple P models must be offered and made available to families. Up to 2 one-on-one sessions will be delivered #Field 1, over 1 to 2 weeks with each session lasting approximately 15 minutes. Practitioners must have completed an approved active skills training program and demonstrated their knowledge and competence in program delivery through a Triple P skills-based accreditation process. Additional staffing requirements will vary and must align with the selected paired Triple P program(s).

#Field 1

- In-person
- Virtually
- Via telephone
- Multiple participants, sessions will be a combination of all options
