Advising to Support Higher Education

Advising to Support Higher Education is for those who are enrolled or seeking to enroll in college classes to advance their education in the early care and education field. Advisors will have time available during non traditional hours to meet the needs of non-traditional students. Topics commonly addressed during advising sessions include but are not limited to: Navigating the higher education system, identifying career and educational goals, establishing a clear path to achieve goals and addressing challenges and finding appropriate supports or solutions. Dosage will vary based on the needs of the student. Training for advisors may vary based on local needs.
